

AME ABS LCD

Liquid Crystal Display (LCD)
Material Datasheet

Exhibits properties similar to ABS. Ideal for
prototyping and production runs.

Measurement	Value
Shore Hardness	75D
Tensile Strength	65 MPa
Flexural Strength	77.4 MPa
Flexural Modulus	2220 MPa
Heat Deflection Temp.	66° C
Elongation Break	5.5%

Actual values may vary depending on build conditions. Our
technical team can advise.
